

## TWO GOVERNORS FOR PEKIN

An Imperial Edict Names Prince Ching and Viceroy Kuei Chun.

Appointed for the Purpose of Establishing Peaceful Conditions After the Allies Evacuate Tientsin and Kaitse's Body Sent to Germany.

PEKIN, June 15.—An edict has just been received here from the Chinese court, appointing Prince Ching and Viceroy Kuei Chun, as Military Governors of Peking for the purpose of establishing peaceful conditions when the evacuation of the capital by the allied forces has been completed.

Before the Boxer troubles broke out at Huchufen, Kuei Chun, who is a Manchou, was appointed Minister to St. Petersburg, but the appointment was annulled when the insurrection began.

It is expected that the troops of Yuan-shih-kai, the Governor of Shantung, who are on their way here under command of General Chang, will be used for police duty in the city after their arrival. Earl Li Hung Chang, who has been in the city since the Boxer troubles, is believed to have a better effect on the natives, who would respect the show of foreign authority.

The missionary party, which is going to the Province of Shanxi, will not start until the arrival here of Shan, the Taoist of Taiyuen-fu, who left the latter place several days ago. The missionaries will also await assurances from Li Hung Chang on three points:

First, that they will receive honorary receptions from all officials along the route.

Second, that a residence will be ready for them.

Third, that high Chinese officials will attend the funerals of the murdered missionaries.

The first Sikhs left here this morning. The officers of all the British regiments were present, but there was no one to represent the legations, although the Sikhs were the first to relieve the besieged foreigners last summer. There were no civilians at the station.

There was an important ceremony at the German Legation at the time the Sikhs were leaving. There were several officers of the German army, who were present, and the German Minister, who was murdered during the uprising last year, preparatory to the removal of the body to Germany. All the ministers were present as well as about fifty Chinese, including Prince Chun, brother of the Emperor, who is to head a special mission of atonement to Germany.

There were special religious services, a sermon, a salute, and an address by the German Minister, the Dean of the Diplomatic Corps, which was directed especially at the ministers. Afterward the coffin was placed on a gun-carriage drawn by six black horses, which were led to the station, where there was an honorary guard of fifty Americans in addition to one hundred Germans.

## MR. HENDERSON PLEASED.

Many Courtesies Extended to the Ex-Speaker in Paris.

PARIS, June 15.—David B. Henderson, ex-Speaker of the American House of Representatives, who is making his first visit to Paris, expressed himself today as charmed with everything he saw and with the many courtesies extended him. Gen. Horace Porter, the American ambassador, is doing everything in his power to make the visit of Mr. Henderson a pleasant one.

On Thursday General Porter escorted Mr. Henderson to the Elysee Palace, where the ex-Speaker had an informal chat with President Loubet. The latter made a most favorable impression on the ex-Speaker, entertaining him in a long conversation, during which he showed an extensive knowledge of the rules and customs of the American House of Representatives.

Mr. Henderson has made several visits to the Chamber of Deputies where M. Deschanel, president, courteously placed a special tribune at his disposal. M. Deschanel also personally escorted Mr. Henderson over the Palais Bourbon and pointed out to him many interesting things.

Tonight Mr. Henderson, accompanied by General Porter, will attend M. Deschanel's reception.

## TURKEY ORDERS A CRUISER.

A Contract With an English Firm Approved.

CONSTANTINOPLE, June 15.—After prolonged negotiations an Imperial decree has been issued, approving a contract for the building of a cruiser by an English firm.

This is the first contract of this kind made by Turkey in twenty-five years. Heretofore all the contracts have been given to German firms.

## RUSSIA'S TELEPHONE SYSTEM.

An Experts Coming Here to Study American Methods.

ST. PETERSBURG, June 15.—The municipal council is about to send an electrical expert to the United States to study the telephone system with a view of reorganizing the one in use in St. Petersburg.

## ITALY'S PRINCESS BAPTIZED.

Many Children Injured in a Panic Following the Ceremonies.

ROME, June 15.—Yolanda Margherita, the infant daughter of Queen Helena, was baptized at the Quirinal this morning with great ceremony.

Before the ceremony 700 children assembled in the square in front of the Quirinal. A panic occurred from some unknown cause and many were injured as they left the square.

## SMALLPOX ON CONEY ISLAND.

The Victim, a Hotel Cashier, in a Serious Condition.

NEW YORK, June 15.—Another case of smallpox was discovered on Coney Island last night. Frederick Freeman, twenty-five years old, employed as a cashier in a hotel on Henderson's Walk has been removed to Riverside Hospital.

An inspector from the Health Department, while investigating suspicious cases, came across Freeman who was in a serious condition.

## THE SETTLEMENT WITH CHINA.

Mr. Conger Thinks It Will Come Soon and Be Satisfactory.

E. H. Conger, United States Minister to China, was a caller at the White House this morning and had a short conference with the President. It was the first opportunity Mr. Conger has had to see Mr. McKinley since the Minister's return from China. When Mr. Conger was in Washington several weeks ago the President was absent on his Western trip. Mr. Conger expects to return to China next month, sailing from San Francisco, but the exact date of his departure is not yet fixed.

Mr. Conger said today that owing to his official position he felt a delicacy in making any public expression regarding recent developments in China, but he predicted that an amicable settlement would be reached within a comparatively short time which would be satisfactory to China, as well as to all the Powers.

Mr. Conger also called at the State Department this morning and had a talk with Dr. Hill, the Assistant Secretary. He was shown the recent despatches from Peking, as well as the replies sent.

Speaking of the probability of the re-acceptance of the Chinese Exclusion law or a similar measure, Mr. Conger said he thought the act was not unsatisfactory to the Chinese Government.

Concerning the gubernatorial contest in Iowa Mr. Conger said he was not an active candidate for the nomination. "But," he continued, "if the people of my State want me to serve as their executive and summon me to that office, I shall gladly obey their call and return from China to do the bidding. My friends have given me very kind encouragement in my name for that high honor, but personally I have taken no steps to secure it."

Mr. Conger was accompanied to the White House by a member of the State Department by his brother, Dr. Conger.

## JUDGES FOR THE FILIPINOS.

Many Appointments Made by the Taft Commission.

MANILA, June 15.—The Philippine Commission announced the following judicial appointments today:

Supreme Court—Cayetano S. Arellano, Chief Justice; Floriano Torres, J. F. Cooper, James F. Smith, Charles A. Wilbur, Victorino Mapa, and Fletcher Labad, Justices.

L. W. Wilfery, Attorney General; Gregorio Araneta, Solicitor General, and Antonio Constantino, Assistant Attorney General.

The Commission also made appointments of judges for sixteen courts of first instance in the archipelago with salaries ranging from \$2,000 to \$5,000 per annum. Of these sixteen courts, eleven will be presided over by Americans, including Captains Ickis and Carson and Lieutenants Blount and Whitcomb. The other five will be presided over by Filipinos. All these officials will assume office next Monday.

## COLLAPSE OF A GRANDSTAND.

Over Twenty Persons Injured by an Accident in Chicago.

CHICAGO, June 15.—The temporary grandstand erected by the Normal School for its annual field day exercises at Sixty-eighth Street and Stewart Avenue collapsed this morning in the midst of the celebration, while filled with spectators.

Over twenty persons, largely women and children, were injured in the crash. A wild scene of confusion resulted. Police were hurried to the field and the wounded were removed to neighboring houses and drug stores where their injuries were attended to. It is believed that no one was killed.

## A FATAL CASE OF SMALLPOX.

The House Physician of a City Hospital the Victim.

WORCESTER, Mass., June 15.—Dr. William J. Campbell, house physician at the City Hospital, died of smallpox last night after an illness of two weeks. He caught the disease from a patient under his charge. Campbell was taken ill at his home in a front Street lodging-house on May 15 and was removed to the City Hospital, later, Dr. Charles Stevens, one of the visiting physicians, also became ill with the disease.

Both physicians were placed in the isolated ward, and Campbell volunteered to act as nurse for them. Dr. Campbell died last night, and his death followed between life and death for the last three days. Dr. Stevens pronounced his case hopeless from the first. During his illness he was attended by Rev. John Lunnery, of St. Paul's Church, who volunteered to visit him as soon as his case became serious, and since then Father Lunnery has been practically isolated.

## RUMORS OF A RAILROAD DEAL.

E. H. Harriman Holds a Mysterious Conference in Chicago.

CHICAGO, June 15.—E. H. Harriman, of New York, and J. C. Stubbs, Third Vice President of the Southern Pacific Railroad, are at the Auditorium Annex. They held a mysterious conference last night.

It is believed that the President of the Union Pacific Railroad, is at the Auditorium and the gathering of the three at this time is regarded as significant. Reports are current that a controlling interest in the Chicago, Milwaukee and St. Paul Road is to pass into the hands of the Harriman syndicate, and although Mr. Harriman said last night that his meeting with Mr. Stubbs was of no particular interest, it is believed that a big railroad deal is being perfected. John D. Rockefeller arrived this morning, which added significance to the presence of the railroad magnates.

## EDWIN C. OSBORNE DEAD.

The Treasurer of Princeton University Expires Suddenly.

PRINCETON, N. J., June 15.—Edwin C. Osborne, Treasurer of Princeton University, died of apoplexy at 5:30 o'clock this morning. Mr. Osborne, accompanied by a friend, called last evening on Mrs. Seliger, of Nassau, whom Mr. Osborne was to have married on Monday next. When the gentlemen were leaving the house, at about 11 o'clock, Mr. Osborne staggered and cried out: "Catch me, I am fainting."

Mr. Osborne was assisted to the house and a physician was called, but all efforts to save him proved unavailing and he died without regaining consciousness.

Mr. Osborne was born in Rahway, N. J., on March 23, 1852. He was made assistant treasurer of the university in 1882 and treasurer in 1885. He is survived by a daughter.

## Chesapeake Beach Is Now Open.

Bathing is free. Bales of every description and evening. Trains leave District station daily 10:30 a. m. and 5:30, 5:50, and 7:30 p. m. Returning leave the Beach 6 and 8:30. Additional trains Sunday, 8 and 10 a. m. and 5:30 p. m.

## Is this Weather Too Warm?

It's cool down at Chesapeake Beach.

## MRS. BOTHA MEETS KRUGER

A Two Hours Conference Held at The Hague Today.

Rumors That There Will Soon Be Important Developments in the Boer War Situation—Expectations of an Early Cessation of Hostilities.

THE HAGUE, June 15.—It is believed here that there will be important developments concerning the Boer war situation within a comparatively short time and that arrangements are making which will lead to the early cessation of hostilities.

Although there is nothing tangible upon which to base this impression today, aside from the general trend of events and a significant conference, the belief is widespread that something will soon be done by the more peaceably inclined to put an end to the slaughter in South Africa and restore peaceful conditions in the land of the Boers.

There are numerous rumors in circulation concerning the matter, which has attracted general interest, but those who know what is in progress are keeping their own counsel and nothing official, or even semi-official, is yet to be obtained.

Color is given, however, to some of the reports by an incident which occurred here today. Mrs. Botha, the wife of the burgher commander-in-chief, who is said to be in Europe on a peace mission, had a two hours conference with Mr. Kruger here today. Absolutely nothing concerning what passed between Mrs. Botha and Oom Paul could be ascertained, but the fact that the conference was held is regarded as significant at the present juncture. After conferring with Mrs. Botha, Mr. Kruger returned to Brussels.

A despatch from Durban, Natal, says that it is reported there that the surrender of 100 men under Commandant van Rensburg at Pietersburg is preliminary to the surrender of 1,000 men in that district.

## CONSTITUTION AGAIN AFLOAT.

The Cap Yacht's Mast to Be Re-stepped Today.

BRISTOL, R. I., June 15.—The steam derrick tug Archer arrived here from Fall River this morning, which is all the evidence needed that the repaired mainmast of the Cap yacht Constitution is to be re-stepped today. The Constitution, having been thoroughly cleaned and inspected, was lowered into the water from the Herreshoff marine railway at high tide this morning.

The work of repairing the buckled mast was finished last evening and the big spar was given another coat of quick-drying, light yellow paint. The new topmast, which had been shaped on the north wharf, was carried into the ship last evening and telescoped into the head of the mainmast. The new topmast is the same size as the old one which snapped in the accident at Newport, being about sixty-five feet long and twelve inches in diameter, and of one size its entire length. Billman's riggers, who arrived yesterday, were busy this morning, looping the steel standing rigging around the head of the mainmast and securing the completed mast to be lifted by the big steam derrick and carried out to the Constitution to be stepped. The work of arranging and setting up the rigging after the mast is in place will occupy but a comparatively short time and the yacht will no doubt be ready for sailing Monday.

## WON BY THE METEOR.

The Kariad Beaten in the English Yacht Race.

ROTTERDAM, June 15.—The forty-seven-mile yacht race between the Meteor and Kariad today for £50 was won by the former. The Meteor finished at 2:43:52, and the Kariad at 3:50:20. The Meteor allowed the Kariad two minutes and ten seconds.

The Shamrock II did not take part in the contest and the yawl Sybarita was decked today for the purpose of being re-rigged.

The Shamrock II will reach the Clyde today to complete her repairs. The main boom and block have been recovered. They were not damaged and will be used again.

## A PLEASURE RESORT TRAGEDY.

Suicide of an Unknown Couple at Oak Orchard, N. Y.

ALBION, N. Y., June 15.—An unknown couple, man and woman, drove to Oak Orchard, a picnic resort just north of here, on Lake Ontario, yesterday left a handsome rig to be taken care of, and hired a boat apparently for a pleasure row. The boat was later found floating upside down and at midnight searchers recovered the body of the man. He appeared to be about thirty years of age and wore tan shoes and a brown suit and was smoothly shaven. The woman's body has not yet been recovered.

The lake was smooth as glass throughout the day and it is suspected that the mysterious couple committed suicide. Coroner Sutton of this place is investigating.

## THIEVES AT THE EXPOSITION.

Operations Transferred From Street to Railroad Cars.

BUFFALO, June 15.—Pan-American Exposition crooks have apparently transferred their field of operations from street cars to railroad trains.

This morning the police were notified that John M. Nash, a well-known business man of Milwaukee, was robbed yesterday afternoon of \$130, a diamond ring and a watch while returning to Buffalo from Niagara Falls on a New York Central train. Mr. Nash was asleep at the time.

Attacked by Frenzied Women.

CHICAGO, June 15.—A crowd of frenzied women, followed by nearly 100 men, chased John Czech, a junk peddler, for a block last night and probably would have killed him had not the police intervened.

Czech's clothing was torn from his body and he prayed for mercy as he was attacked by the women. Czech had killed Cashim Kuchanski, a peddler, in Elizabeth Place in a quarrel over 50c.

## AT CHICAGO UNIVERSITY.

Gess and Alumni Day Being Appropriately Celebrated.

CHICAGO, June 15.—This is class and alumni day at the University of Chicago. The celebration, ranging from the laying of the cornerstone of new buildings and the dedication of halls, to a reception to John D. Rockefeller, the founder, is being carried out.

Mr. and Mrs. Rockefeller reached the city at 6:50 o'clock a. m. over the Lake Shore Railway. President Harper conducted them in a carriage to his residence. Mr. Rockefeller will speak at the commencement exercises on Tuesday.

## Appointed Deputy Auditor.

The President today appointed Harrington Allen, Deputy Auditor for the Postoffice Department.

## Special Saturday Trip \$5.50.

To "Old Point," Norfolk, Va., by the Ocean View, via Norfolk and Washington station, Saturday, June 16. Round-trip tickets, \$5.50. Includes breakfast and lunch. Seats and sleeping accommodations on the train. Tickets valid for return on Sunday, June 17. For reservations phone 750. See "Specials," page 7.

## THE MISHAP TO THE INGALLS.

A Dockyard Official Says the Transport Is Not Badly Injured.

NEW YORK, June 15.—The United States transport Ingalls, which topped over on her side at Erie Basin last evening, killing one shipyard workman and injuring many others, is lying partly on her starboard side, W. D. Dickey, superintendent of the Basin, where the accident occurred, said today that there were no men missing, that everyone not injured had returned to work this morning.

"I am certain that no one was penned in the hold," he added, "for it was thoroughly searched before the dock was flooded. The Ingalls is not badly injured and can be fixed up ready to go in ten days. The employees are all insured."

"The dock was not flimsy. Three years ago \$20,000 was expended on it. It is regularly inspected and resists much larger loads than the Ingalls are docked there right along."

It was said at the yard today that divers and wreckers would not be put to work on the transport until next week.

So far as the police know, no bodies have been recovered from the water and it is not now believed that there were any workmen caught in the hold when the transport went over, unless some of them were crushed by the pig-iron ballast. Besides the man who was killed, the police are expecting to recover from their injuries and thirty-four employees were more or less hurt.

Although it was alleged last night that carelessness in adjusting the bike blocks when the transport was dry-docked and the work of the dock had been engaged in that sort of work for twenty-one years. However, no official at the Basin has offered an explanation of the mishap, and yesterday John N. Robin, manager of the company, threatened to discharge any employee who discussed the matter with reporters.

In addition to the eleven persons taken to the Seney Hospital yesterday, the following are reported to be at that institution suffering from severe injuries:

WILLIAM SOUTHERS, of 49 Dykeman Street, Brooklyn, dislocated shoulder.

GEORGE GASTINEAU, of 104 Fifth Avenue, Brooklyn, fractured arm.

JOHN SHERREY, of 13 Lincoln Avenue, Bronx, injured about the side.

Since last night the Ingalls has righted herself, with the exception of the water in the drydock. Yesterday afternoon she had careened so that her smokestack rested on the side of the dock. Today, though her starboard rail was still level with the water, the smokestack had risen over fifteen feet.

## THE FERRYBOAT COLLISION.

Captain Griffin, of the Mauch Chunk, Under a Serious Charge.

NEW YORK, June 15.—So far as is known there has been only one life lost through the sinking of the Staten Island ferryboat Northfield by a collision with the Jersey Central ferryboat Mauch Chunk, in the East River last night. The only body found today was that of a ten-year-old boy. It was discovered by Edward Friedman, 31 Lewis Street, who saw it floating close to the Irvington Street pier.

Four persons are reported missing this morning, as follows: No report, being also known there has been only one life lost through the sinking of the Staten Island ferryboat Northfield by a collision with the Jersey Central ferryboat Mauch Chunk, in the East River last night. The only body found today was that of a ten-year-old boy. It was discovered by Edward Friedman, 31 Lewis Street, who saw it floating close to the Irvington Street pier.

## DECIDING KENNEDY'S FATE

The Accused Dentist's Case in the Hands of the Jury.

Judge Newberger's Charge Requires Nearly Two Hours—He Gives Warning That Sympathy Must Not Be Allowed to Sway Judgment.

NEW YORK, June 15.—The fate of Samuel J. Kennedy, the dentist, whose third trial on the charge of murdering Dolly Reynolds has just been concluded, is now in the hands of the jury. The men who listened to the evidence in the case retired at 12:20 o'clock today.

The prosecution having finished summing up at 10:35 this morning, Judge Newberger began his charge. After speaking of the horrible crime for which Kennedy had been thrice tried, the judge warned the jury that they should not be swayed by their sympathies in reaching a verdict, and, passing
